

Minor Season 2020

Mango Round Table November 2019

Veronika Hofer

fd.agronomy@hpwag.ch

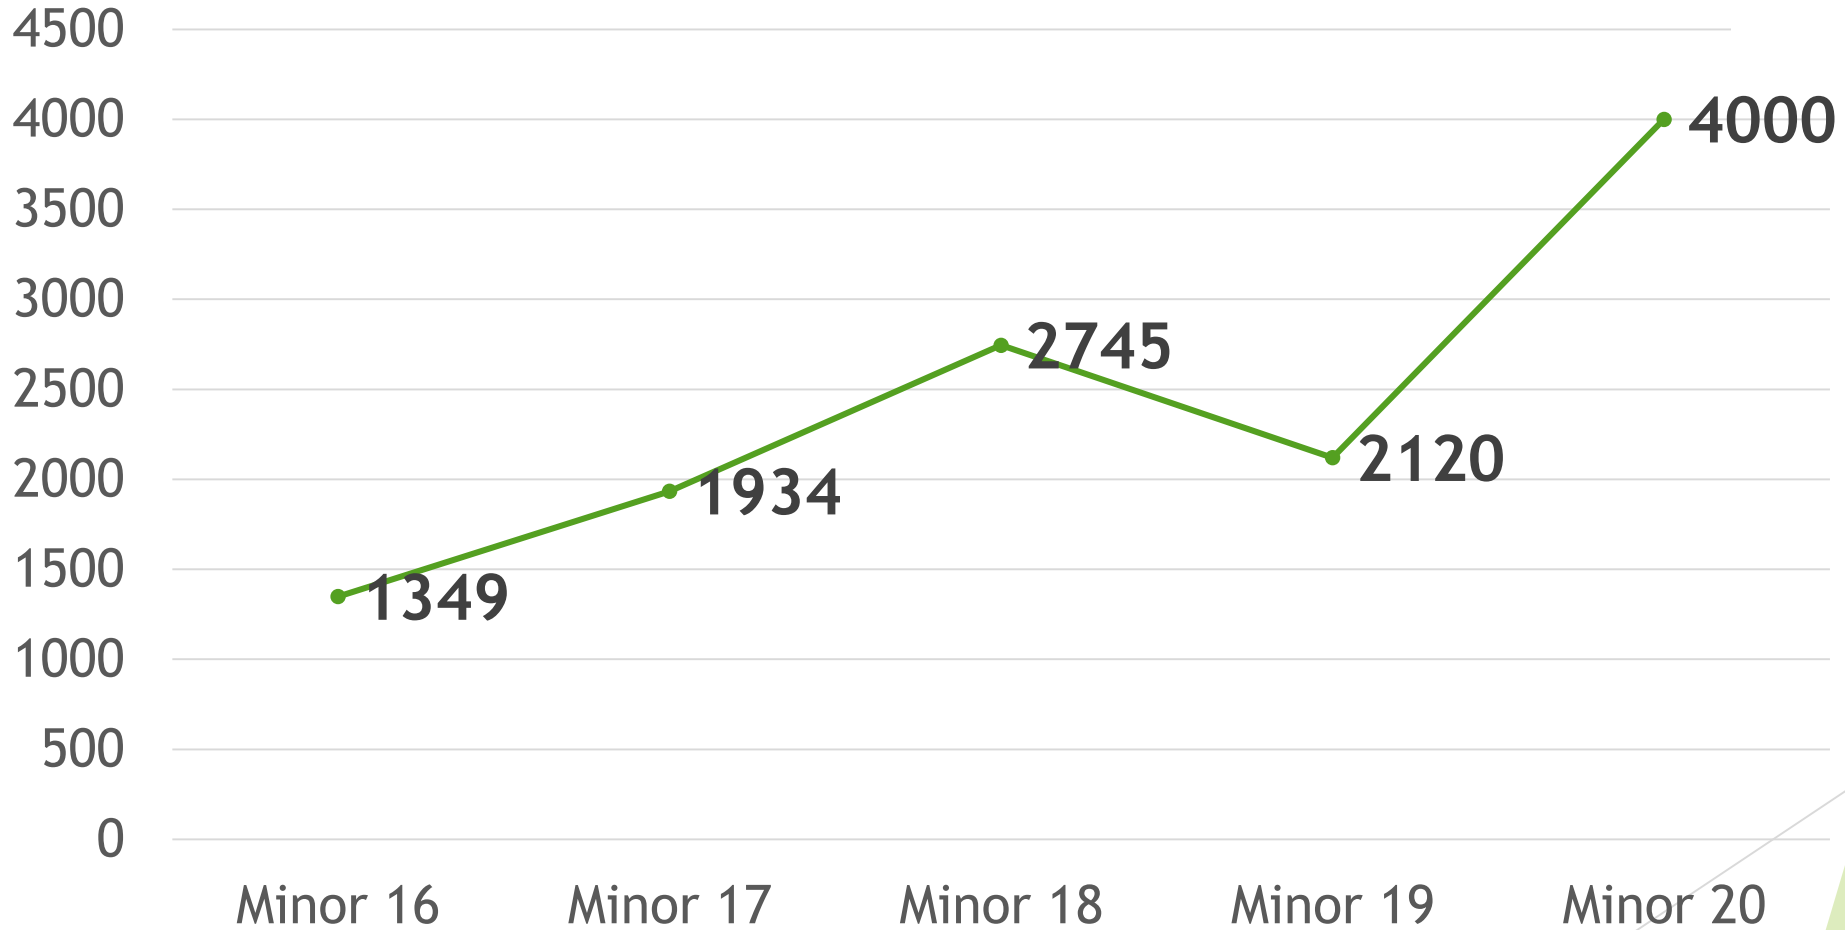

What we do:

Dried Mango
for Export

From Adeiso
to the World

Increasing Mango Volumes (MT)

Planned Volumes Minor Season 2020

- ▶ **Minimum Target: 4'000 MT fresh mango**
- ▶ **Daily Processing Capacity: 70 MT**
- ▶ **Weekly Processing Capacity: 500 MT**

Required Fruit Quality

Criteria	Requirement
Brix	
Kent	> 8.5
Keitt	> 7.5
Internal Color	> 0.3
Fruit Fly	< 10%
Seed weevil	< 10%
Shocks	< 10%

Respect of Pre-Harvest Interval (PHI)

Main Challenges

- ▶ Short harvesting window
- ▶ Fruit Quality and Rejects

Approach

- ▶ Supply planning according to fruit maturity
- ▶ **Selective harvesting of matured fruits only**
- ▶ Careful fruit handling
- ▶ Good collaboration and communication between HPW and farmers is key!

Thank you for your attention!
